WHY FLY

The Festival of Speed fills the roads of West Sussex, and the journey by car from London can take hours. By helicopter, Goodwood is a short flight from Battersea and the aerodrome is beside the circuit.

Many guests fly in for the day, others for a long weekend. We move single parties, run shuttles for box holders and arrange team movements for manufacturers.

DAYLIGHT AT GOODWOOD MOTOR CIRCUIT

	JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
Sunrise	08:00	07:17	06:19	06:10	05:15	04:49	05:05	05:49	06:37	07:24	07:18	07:59

HOW THE BOOKING WORKS

1. Tell us the day and the party. Send the date, where you will start from, how many are travelling and roughly when you want to be at the Festival. We reply the same business day with the helicopter options and one fully inclusive price.

2. We arrange the landing. We agree the landing at Goodwood Aerodrome and the arrival and departure slots, and we pass on any landing fee at cost. The arrangements are confirmed to you in writing before you pay.

3. Confirm and pay. You confirm the option you want. Your booking confirmation sets out the flight times, the aircraft type and the cancellation terms, and the aircraft and crew are then secured for your date.

4. The day itself. We email your schedule at least 48 hours before, with the heliport address and directions. Arrive at the heliport about ten minutes before departure.

5. Flying home. We agree the pick-up time with you in advance and keep it flexible where the venue allows, so the helicopter waits for you rather than the other way round.

WORTH KNOWING

- ☐ Send your date and the day you want to travel. Arrival slots for the Festival are managed by the venue and are limited.
- ☐ Tell us how many in the party and how you want to get from the aerodrome to the paddock or your box.
- ☐ Keep the departure flexible: the Festival runs late and the programme changes through the day.
- ☐ Luggage space is limited and varies with the helicopter and the number of passengers: a soft bag each is easy, hard cases and golf bags need telling us about when you ask for...
- ☐ Helicopters fly under visual flight rules, so cloud base, visibility and wind decide whether a flight can go.
