WHY FLY

The Revival is the vintage counterpart to the Festival of Speed, and half the fun is the arrival. A helicopter from London lands you beside the circuit, away from the road traffic, and keeps your outfit looking as it should.

We fly single parties, run shuttles for box holders and arrange movements for historic racing teams and their guests.

Sunrise and sunset on the 15th of each month, UK clock time. Helicopters fly by sight and cannot use an unlit site after dark, so the last flight of the day is planned back from sunset. If a flight is cancelled because of the weather, you pay nothing.

HOW THE BOOKING WORKS

1. Tell us the day and the party. Send the date, where you will start from, how many are travelling and roughly when you want to be at the Revival. We reply the same business day with the helicopter options and one fully inclusive price.

2. We arrange the landing. We agree the landing at Goodwood Aerodrome and the arrival and departure slots, and we pass on any landing fee at cost. The arrangements are confirmed to you in writing before you pay.

3. Confirm and pay. You confirm the option you want. Your booking confirmation sets out the flight times, the aircraft type and the cancellation terms, and the aircraft and crew are then secured for your date.

4. The day itself. We email your schedule at least 48 hours before, with the heliport address and directions. Arrive at the heliport about ten minutes before departure.

5. Flying home. We agree the pick-up time with you in advance and keep it flexible where the venue allows, so the helicopter waits for you rather than the other way round.

WORTH KNOWING

- Send your date and the day you are going as early as you can: aerodrome slots for the meeting are limited.
- Tell us how many are in the party and whether anyone is in period dress: luggage space and a garment bag matter.
- Keep the return flexible: the meeting runs on into the evening.
- Luggage space is limited and varies with the helicopter and the number of passengers: a soft bag each is easy, hard cases and golf bags need telling us about when you ask for the quote.
- Helicopters fly under visual flight rules, so cloud base, visibility and wind decide whether a flight can go. If the flight is cancelled because of the weather, you pay nothing. We check the forecast with you the day before and again on the morning.
