WHY FLY

Festival weekend is the busiest time on the Solent ferries. By helicopter the crossing takes a few minutes in the air, and you arrive on the island without the queue.

We fly from London, the south coast and anywhere in the UK to the island's licensed landing sites, and arrange the transfer from the landing site to Seaclose Park in Newport.

Sunrise and sunset on the 15th of each month, UK clock time. Helicopters fly by sight and cannot use an unlit site after dark, so the last flight of the day is planned back from sunset. If a flight is cancelled because of the weather, you pay nothing.

HOW THE BOOKING WORKS

1. Tell us the day and the party. Send the date, where you will start from, how many are travelling and roughly when you want to be at the festival. We reply the same business day with the helicopter options and one fully inclusive price.

2. We arrange the landing. We agree the licensed landing site on the island and the arrival and departure slots, and we pass on any landing fee at cost. The arrangements are confirmed to you in writing before you pay.

3. Confirm and pay. You confirm the option you want. Your booking confirmation sets out the flight times, the aircraft type and the cancellation terms, and the aircraft and crew are then secured for your date.

4. The day itself. We email your schedule at least 48 hours before, with the heliport address and directions. Arrive at the heliport about ten minutes before departure.

5. Flying home. We agree the pick-up time with you in advance and keep it flexible where the venue allows, so the helicopter waits for you rather than the other way round.

WORTH KNOWING

- ☐ Send the date and the number in the party as early as you can: the island's landing sites have limited capacity on festival weekend.
- ☐ Tell us if you want to go home the same day or stay: the return time depends on the programme and daylight.
- ☐ Allow for the transfer between the landing site and the festival gates, which we arrange with you.
- ☐ Luggage space is limited and varies with the helicopter and the number of passengers: a soft bag each is easy, hard cases and golf bags need telling us about when you ask for...
- ☐ Helicopters fly under visual flight rules, so cloud base, visibility and wind decide whether a flight can go.
