THE FLIGHT AND THE TWO AIRCRAFT

Battersea to Barton is a long flight for a helicopter, and a short one next to the road or the train: 145 nautical miles in a straight line, with no M1 or M6 and no station at either end. We fly it in a twin-engine Agusta A109 or an AS355 Twin Squirrel.

Battersea is the only licensed heliport in central London. Its permitted hours are 07:00 to 23:00 every day, with core hours of 07:30 to 19:30 on weekdays and 08:00 to 18:00 at weekends and on bank holidays; the early, evening and late periods are by prior arrangement only, and it is closed on 25 and 26 December and 1 January. Prior permission is needed for every helicopter movement, and we obtain it as part of the booking.
