THE FLIGHT AND THE TWO AIRCRAFT

Silverstone is where the road fails: traffic into the circuit on a race day is the reason most people ask for a helicopter. From Battersea it is 48 nautical miles in a straight line. We fly it in a twin-engine Agusta A109 or an AS355 Twin Squirrel.

LEAVING LONDON BATTERSEA HELIPORT

Battersea's permitted hours are 07:00 to 23:00 every day, with core hours of 07:30 to 19:30 on weekdays and 08:00 to 18:00 at weekends and on bank holidays; the periods either side are by prior arrangement only, and it is closed on 25 and 26 December and 1 January. Prior permission is needed for every helicopter movement and we obtain it as part of the booking. The lounge, a private room with direct helicopter access and baggage handling are on site, and a chauffeur car can meet you there.

LANDING AT SILVERSTONE HELIPORT

Silverstone Heliport operates on event days only, including the Formula 1 British Grand Prix, and no daily hours are published. Every landing is by a pre-booked slot, and Grand Prix slots sell out early, so the first step is to tell us the event and the date. The heliport has a covered terminal and complimentary onward transport to hospitality or the grandstand.
