Sunrise and sunset on the 15th of each month, UK clock time. Helicopters fly by sight and cannot use an unlit site after dark, so the last flight of the day is planned back from sunset. If a flight is cancelled because of the weather, you pay nothing.

WHERE THINGS STAND

Press reports from late 2025 describe an eighteen-month closure from January 2026 covering the accommodation, the dining and the gardens, with Raymond Blanc moving to a founder and ambassador role. No exact reopening date has been published beyond "summer 2027", so we have not taken any bookings for it and will not quote until the hotel confirms it is open.

Please note. Le Manoir is closed for redevelopment, with reopening announced for summer 2027. Check the hotel's own website for the current date before planning a visit.

WHAT WE KNOW ABOUT GETTING THERE

The hotel's own location page gives driving information only: about 45 minutes from Heathrow, around 30 minutes from central Oxford and a ten-minute walk from the village of Great Milton. It does not mention a helicopter landing. One independent travel listing refers to a helicopter pad at the property, which we cannot treat as current until the hotel itself confirms it after the works.

WHEN IT REOPENS

Once the hotel is open we will ask its reservations team what it can accommodate and publish the answer here: a landing at the hotel if it offers one, or a nearby private site or airfield with a vehicle if it does not. We will say which, and we will not promise a landing at the house until it has been agreed for your date.
